

**1040Works Conversions 2009**

## **Welcome to 1040Works**

Thank you for choosing 1040Works Professional Tax Software. We are excited to have you on our team and look forward to building a lasting relationship together.

As you make the transition to 1040Works, we want to ensure that everything runs as smoothly as possible. The first step of this transition will be converting your clients from TaxSlayer to 1040Works. This document contains step-by-step instructions on converting your clients. Please read through it carefully.

There is a link in the conversion utility that will link you to the specific fields for each form that is converted to each 1040Works system. The form information is lengthy and is intended for reference purposes only. You needn't read it in its entirety. Information is documented for system 1040.

If you require assistance during the conversion process, please don't hesitate to contact our support team at 1-800-843-1139. Again, welcome! We look forward to working with you.

Sincerely,

1040Works Professional Tax Software
